

TMA INTERNATIONAL PVT LTD

ABOUT US

TMA is an acronym that stands for Technology, Materials, and Application Engineering. The company is renowned for its core business, which involves sourcing the most suitable technology and materials for specific applications. Originally founded in 1983 as a trading company for electric motors, TMA has since evolved into a conglomerate that offers a diverse range of products, including electrical, engineering, heavy fabrication, chemicals, graphite electrodes, ferro alloys, and solar products.

By adopting a customer-centric approach and working in close coordination, TMA has been able to understand the precise requirements of its clients. The company caters to a wide range of sectors, including HVACR, home appliances, automobiles, water and sewage, adhesives, steel pipe, and steel-making companies. TMA exports its products to about 20 countries worldwide, from the USA to Australia.

VISION

01

Establish a Global Supply Chain Network to enable our customers cost effectively achieve operational efficiency.

02

To create a compelling value proposition and optimize network infrastructure.

MISSION

01

To be the benchmark in customer satisfaction by meeting and exceeding service delivery expectations.

02

To consistently deliver customised solutions by supplying Quality products after extensive study and understanding of specific customer requirements and intended application.

TMA VALUE PROPOSITION

01

**Professional
Management**

Experienced and Professionally
Qualified Promoters.
Uncompromising Attention and
adherence to specifications
ensures the best possible quality
of products and customer
service

02

**Comprehensive
Sourcing Solution**

Tie ups with leading producers of
Iron & Steel, Non Ferrous Metals
& Engineering Products in India.
Own Manufacturing Facilities for
Grey Iron Castings. Marketing Tie
ups with ISO 9000 & TS certified
Established Manufacturers of
Engineering Product

03

**Partnernig
Approach**

Strong Belief in bonding with
customers. As a business
associate proactively predicting
and resolving customer issues.
Our growth is in facilitating the
growth of our valued customers

TMA VALUE PROPOSITION

04

**Distinguished
Track Record**

Excellent Track Record of business relationship with Middle East of over 20 Years. Presently supplying products to some of the most distinguished OEM companies in Middle East, Russia, Europe, USA and Far East Countries

05

**Strong
Engineering Cell**

Customer Need Analysis Done for every single order. Focus on end user and the application of the sourced Product Results in development of customised solution

06

**Excellence &
Values**

A defined Value system complements efforts to achieve business objectives and provides drive towards excellence in every aspect of work

OUR USP

○ Customized Engineering Solutions

○ Products Design & Redesign Capabilities

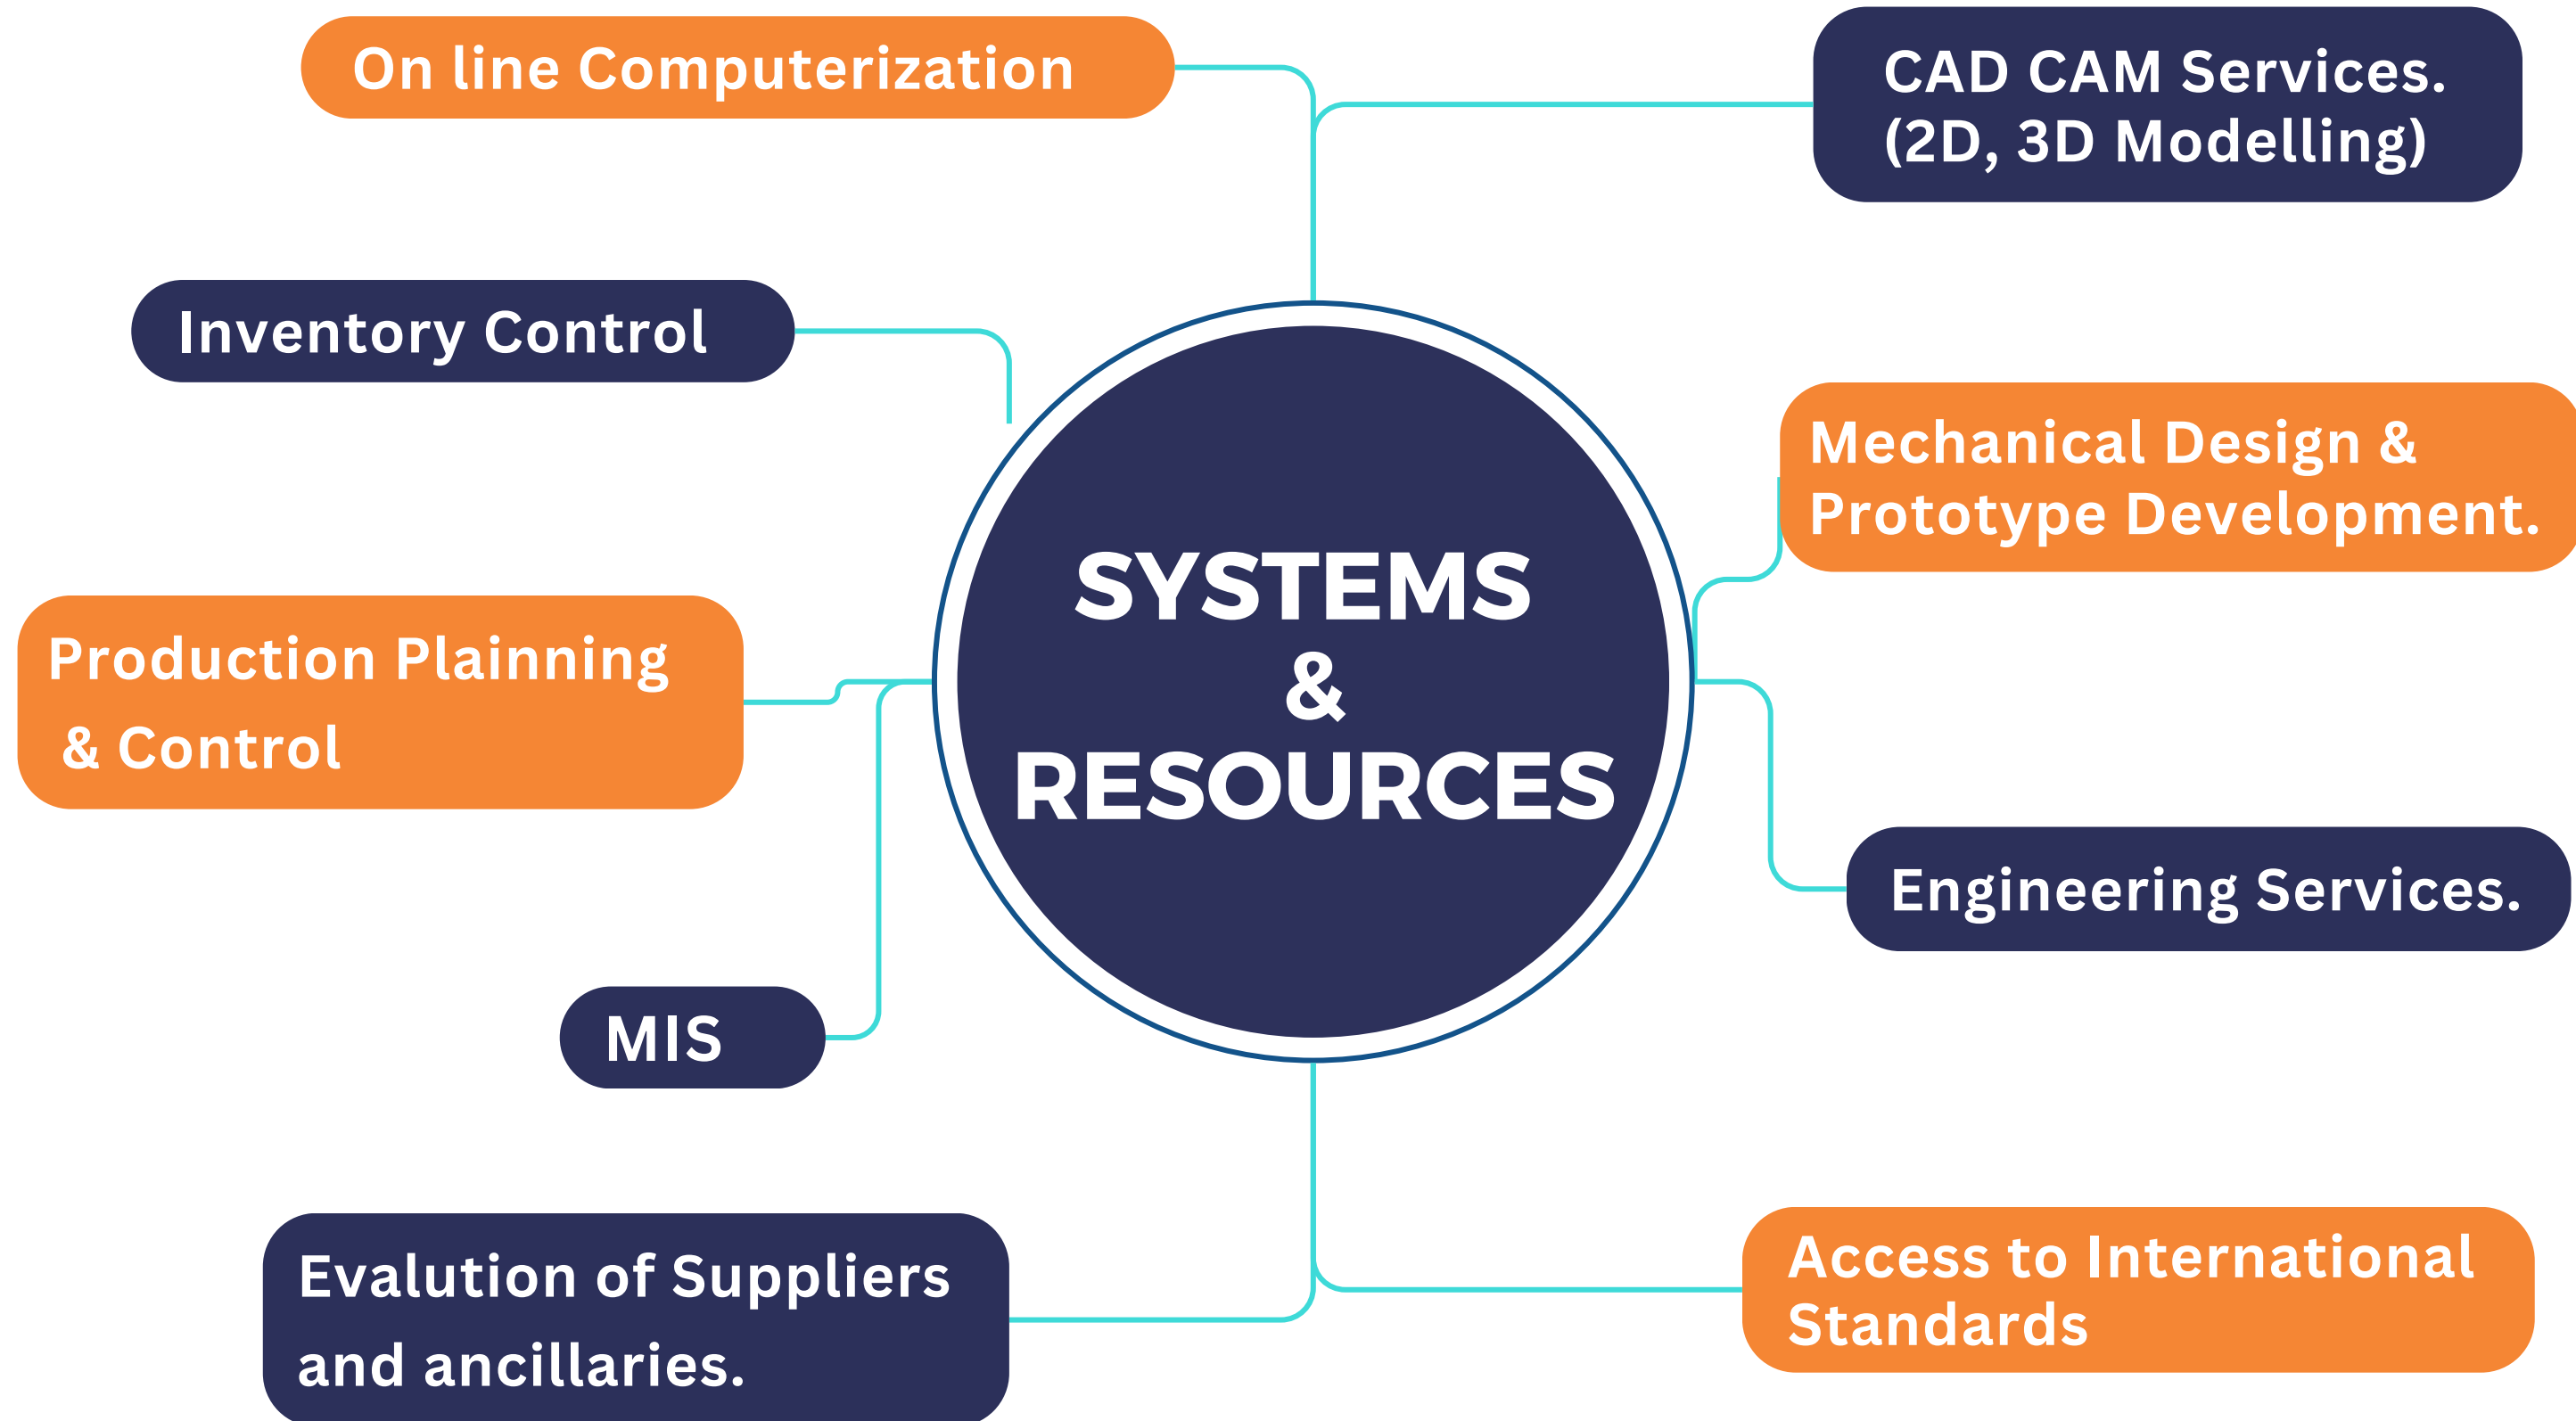

○ Serving Diverse OEM'S

○ Indepth Industrial Expertise

○ Bussiness Ethics

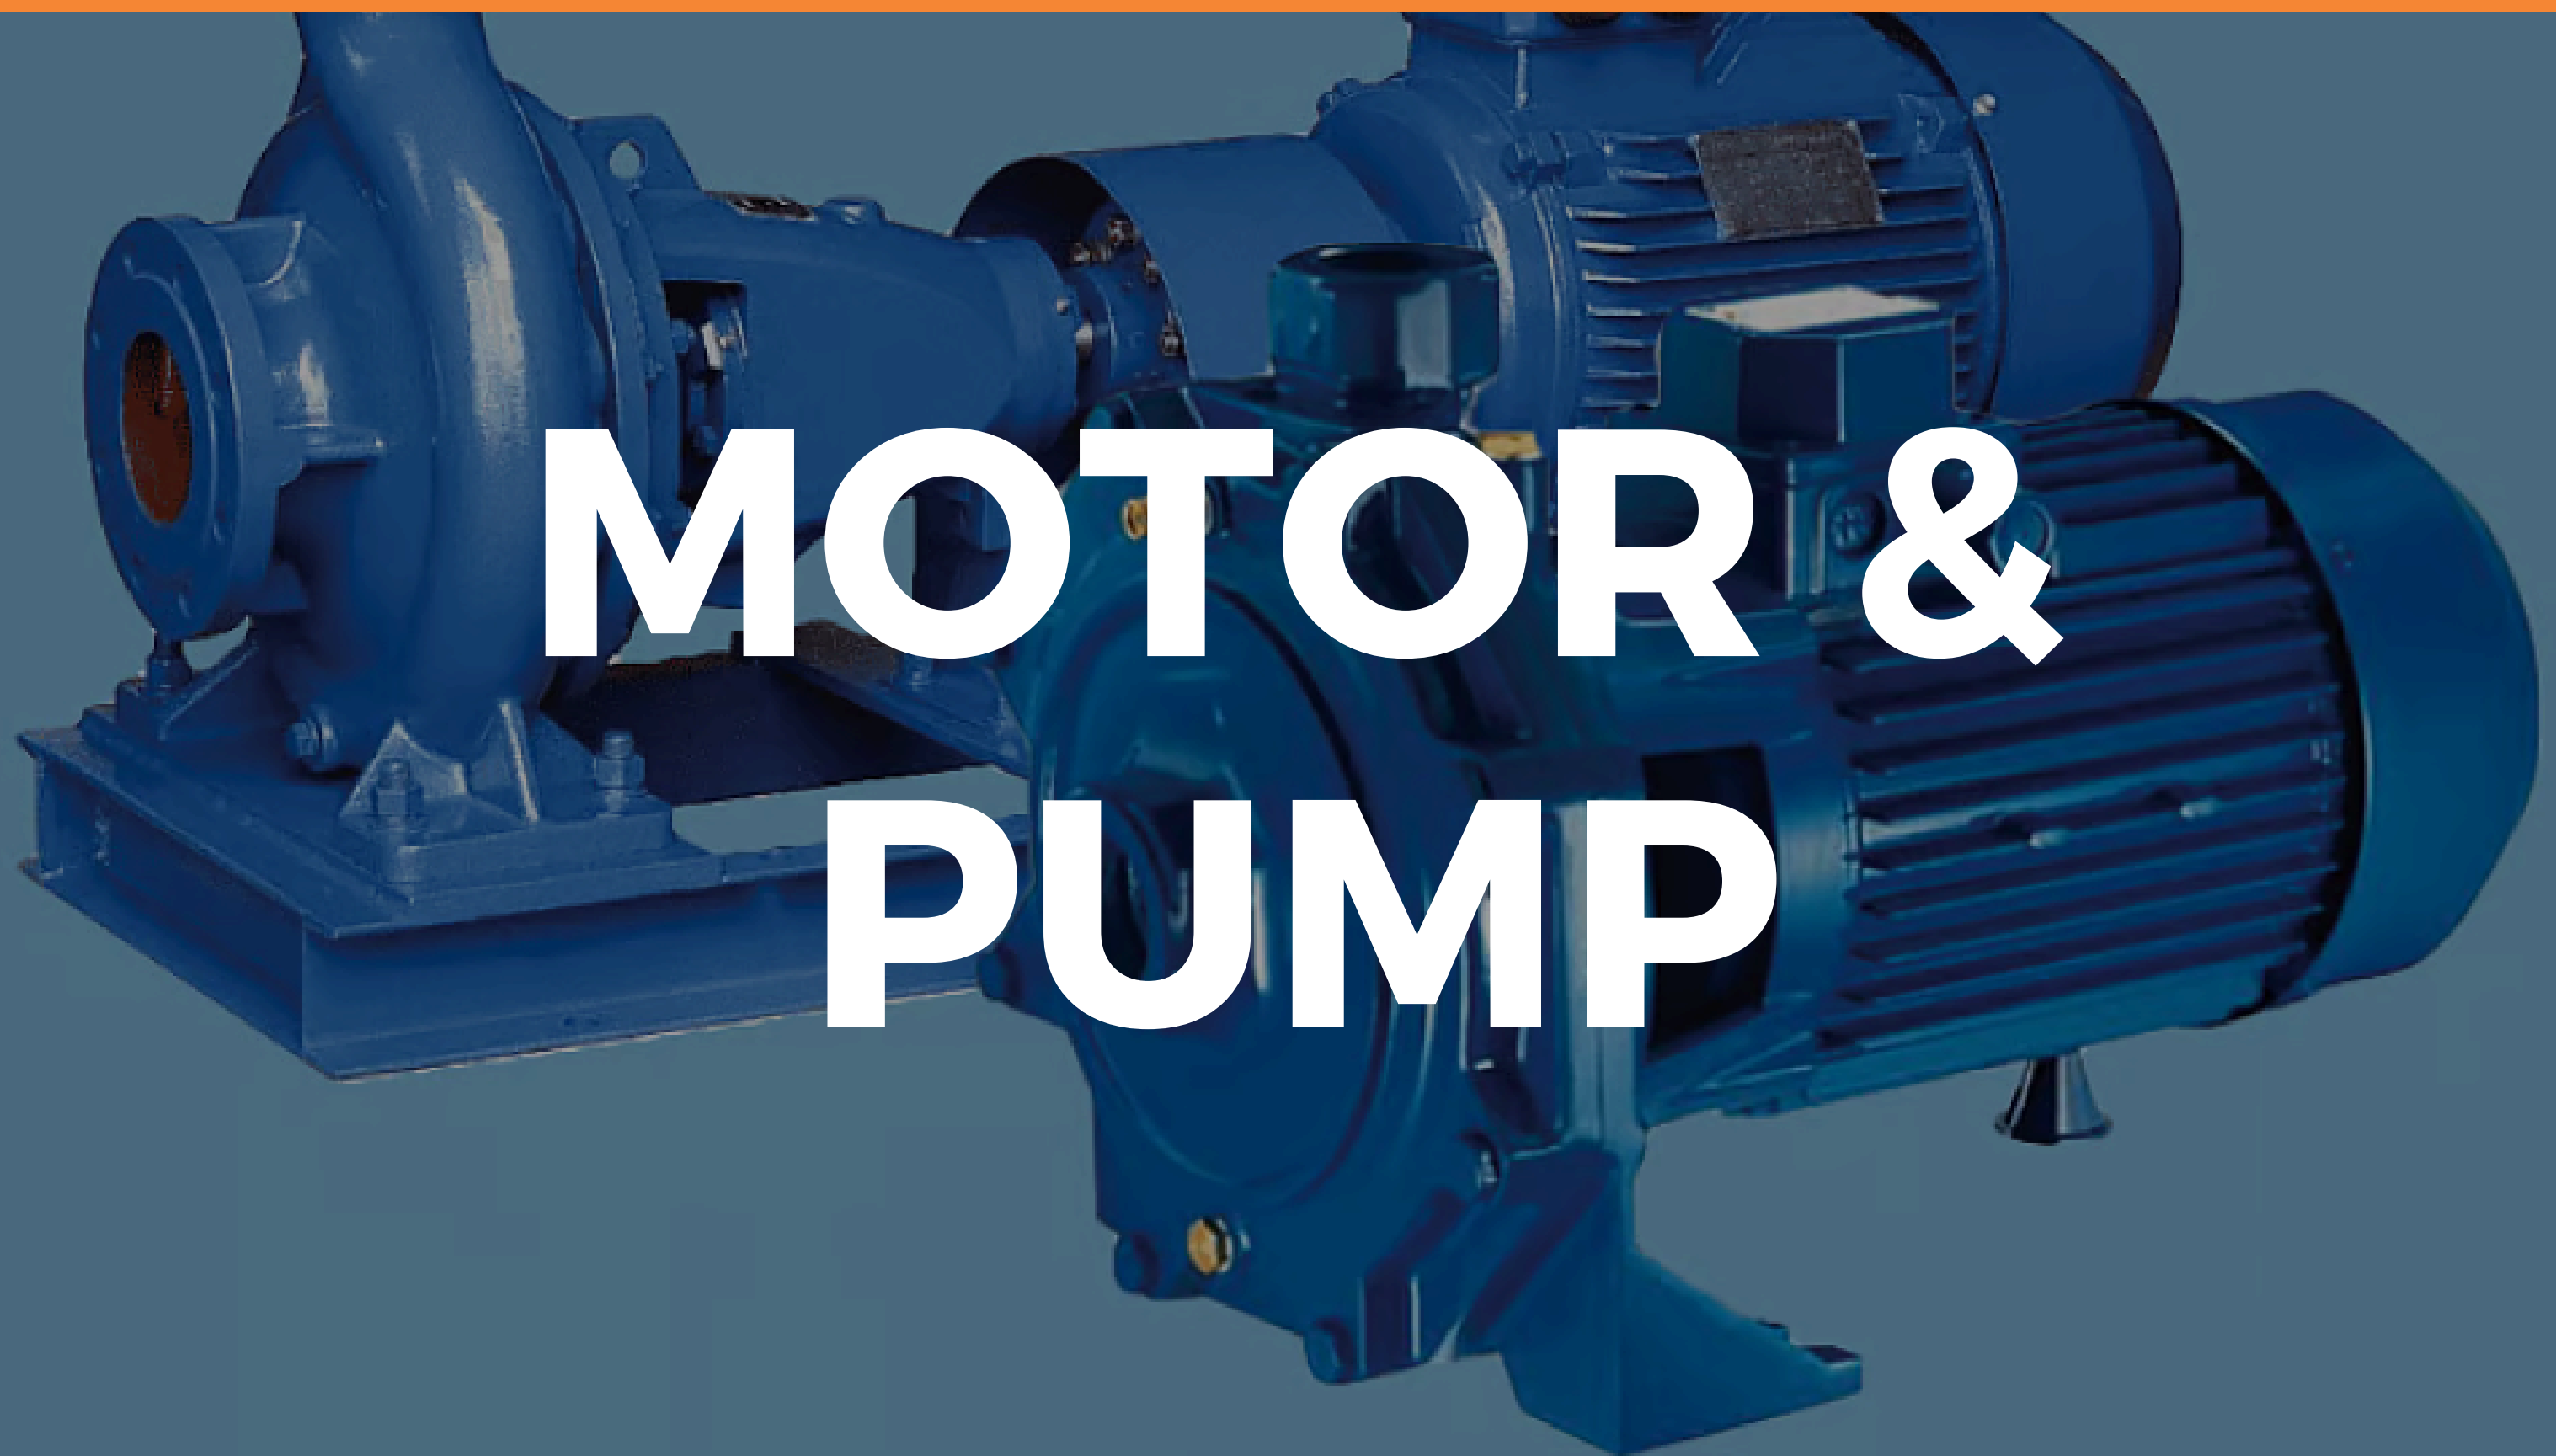

○ Consistents Qualities

○ Timely Deliveries

OEM PRODUCT APPLICATIONS

MOTOR & PUMP

A blue industrial motor and pump assembly. The pump is on the left, connected to a motor on the right. The motor has a ribbed cooling fan. The entire unit is mounted on a blue base.
